Athena is introducing a brand new cylinder kit to its wide catalog of products for many makes and models of scooter. We are proud to launch the first big bore kit for YAMAHA NMAX 150, one of the most successful scooter worldwide, loved for its captivating design, easy handling and affordable price. This kit includes an Athena top quality nickel coated cylinder, a cast lite piston to increase the power of the engine. The cylinder kit is easy to install since it is Plug&Play with no required modifications to the crankshaft case. Thanks to the new production method of CNC machines, the cylinder kit guarantees an unbeatable quality-price ratio.
